Dear the Country/the White House leaders,

I am Henry V. Pham, and I have total of 9 inventions already submitted for patents. I also have a new political idea which I would like to introduce to the White House leaders which I believe strongly help the country to be a great nation in the world with the Neutral Circle Political Foundation model. I have came up with this model for almost 3 years, and I don't want it to be lost and become unused. This political model with a neutral circle star-leaders not belong to any party and can vote for any party. With our best political foundation already there with strong of the two parties, but without the neutral nerve nation-intelligence there would be losing intelligent connections with the leaders to the White House. This neutral circle will be the nation intelligence that can cover all the intelligences around the world from environment all the way to high technology connecting strongly to the White House. With this model, I strongly believe the country will be the great nation in this world. I am the owner of my soon-to-be-company, the Cloud OS Company, and here is the link to my main website: www.TheCloudOSCenter.com (total 3 websites please see below). And this is the shortcut to the short description of the Neutral Circle Political Foundation model: <https://thecloudoscenter.com/images/Neutral%20Circle%20Political%20Foundation%20Model.png>. I hope that with the Neutral Circle Political Foundation model, I can contribute something to this country with this political model with plus total of 9 inventions which were submitted and still pending for patents.

Sincerely,

Henry V Pham

Dear the Country/the White House leaders,

I have written an email to the White House on August 15 2023 to introduce my idea about the neutral political model which I thought could be a great model for the country to improve to "Make America Great Again". However, I have not received any reply yet, and I don't want to be in trouble with recent threats. I think this neutral model could be not compatible for current county conditions or for some other reasons... I want to recall this email for secured purposes.

NOTE: I added other countries in this email in both CC and CCB lists for witnesses for secured purposes.

Regards,

Henry Pham
